#### Hiking up mountain

Obtaining a high net worth is like hiking up a mountain you need a map to follow and take the steps one after another and don't give up. There will be dangers along the way that must be avoided and it will take persistence but the payoff of reaching the top will be worth it!

### Image #4 Education

~~There are no shortcuts~~

~~watch out for the  
seams promising instant  
riches. Remember~~

"Formal education will make you a living but self education will make you a fortune."

Jim Rohn.

Education will be needed along your journey but ~~any~~ in my

opinion any average person can learn to do this.

Real Estate has made more wealth than  
any other vehicle

---

my dad once told me  
to invest in land, they  
aren't making any more  
of it. I would add that  
it needs to be in the  
right location.

## Why Real Estate?

- easier to control than stocks
- can add value with moderate effort
- tangible, you can see it, touch it
- create passive income as well as <sup>gain</sup> appreciation
- tax benefits
- less risky than business - most small business fail
- use leverage to buy it and make money with O.P.M.
